The last column indicates the allotment account. The figures in the lower right-hand corner of the tabulation are the dates involved in the payroll.

2. Following is a summary of the average number of hours per pay period per employee for your office as compared with the average for the Agency as a whole during the period 5 July through 26 September 1953:

This particular listing, however, does not imply any criticism of any specific leave taken or overtime worked.

4. These reports are being submitted to you for use in connection with consideration of the application of Agency policy concerning the approval of overtime. In view of our serious budgetary situation during this current year, it is essential that care be given in authorizing overtime. Additional funds cannot be made available and all overtime must be financed from current allocations.
